## **1. Summary**

- 1.1. This is the Newport City Council Joint Housing Land Availability Study (JHLAS) for 2019 which presents the housing land supply for the area at the base date of 1<sup>st</sup> April 2019. It replaces the report for the previous base date of 2018.
- 1.2. The JHLAS has been prepared in accordance with the requirements of Planning Policy Wales (PPW) and Technical Advice Note 1 (TAN 1). Please refer to these documents for details of the requirements for the maintenance of a five year housing land supply in each Local Planning Authority area and the process for undertaking the JHLASs  
<http://gov.wales/topics/planning/policy/tans/tan1/?lang=en> .
- 1.3. Section 2 sets out details of the housing land supply and how it has been calculated. It shows that based on the residual method set out in TAN 1 Newport City Council has 5.2 years housing land supply.

### **Involvement**

- 1.4. The housing land supply has been assessed in consultation with:
  - Home Builders' Federation
  - Other Study Group members

### **Report Production**

- 1.5. Newport City Council issued draft site schedules and site proformas for consultation between 23<sup>rd</sup> April – 10<sup>th</sup> May 2019. Comments were provided by the HBF and other parties within this period. The Study Group agreed the majority of sites within the site schedule at the consultation stage. Three organisations raised queries on the schedule, which involved seven sites. Given the small number of parties involved, a Study Group meeting was not considered necessary this year and further negotiations were conducted via email to reach an agreed position on the contested sites. There were no objections to this approach from the Study Group. Agreement was reached on all the disputed sites and a Statement of Common Ground (SoCG) was prepared and following consultation with the Study Group, it was submitted to the Welsh Government in June 2019. This JHLAS report has been prepared on the basis of the SoCG.

## 2. Housing Land Supply

- 2.1. The five year land supply comprises sites with outline or full planning permission, sites with a resolution to grant planning permission subject to the signing of a section 106 agreement and sites allocated for housing in adopted development plans, categorised as prescribed in TAN 1.
- 2.2. The land supply has been calculated using the residual methodology, based on the Newport City Council Local Development Plan 2011 – 2026, adopted January 2015.
